Concord NH

October 17-19, 2023, 0800-1700

[https://prd.blogs.nh.gov/dos/hsem/?page\\_id=561&ee=1413](https://prd.blogs.nh.gov/dos/hsem/?page_id=561&ee=1413)

Prerequisite: IS-29 Public Information Officer Awareness.

This three-day class will equip the participants with the skills needed to be full or part-time PIOs, including oral and written communications; understanding and working with the media; and basic tools and techniques to perform effectively as a PIO, both in the proactive/ advocacy times and crisis/ emergency response. This is the replacement for the old G290 and G291.

### G0402: National Incident Management System Overview for Senior Officials

Newbury NH

October 25, 2023, 1700-2100

[https://prd.blogs.nh.gov/dos/hsem/?page\\_id=561&ee=1449](https://prd.blogs.nh.gov/dos/hsem/?page_id=561&ee=1449)

The purpose of this course is to familiarize Senior Officials (executives, elected and appointed officials, city/county managers, agency administrators, etc.) with their role in supporting incident management within the National Incident Management System (NIMS).

### MGT-403: Underserved Populations Preparedness Planning for Rural Responders and Volunteers

Concord NH

November 2, 2023, 0800-1700

<https://ruraltraining.org/course/MGT-403/?scheduled=true&id=8706>

Prerequisite: IS100c, IS, 200c, IS-700 b, IS-368, and IS-242.

This eight-hour planning and management-level course will assist in preparing communities to meet the assistance and safety needs of older adults, and people with access and functional needs during a crisis event in rural communities using an approach with the Department of Homeland Security's (DHS) Whole Community initiative. Due to the expected diverse student population, general information regarding crisis planning and response (incident command system (ICS), National Incident Management System (NIMS), etc.) will be discussed, flowing into a narrower discussion regarding the needs and care issues of older adults. Included in the discussion are short- and long-term care, pet care, medication, and the need for durable medical equipment and healthcare. The issue of individuals from assisted-living and nursing homes will be emphasized in lessons learned from various disasters.

## **MGT-312: Senior Officials Workshop for All Hazards Preparedness**

Concord NH

November 8, 2023, 0800-1430

<https://my.teex.org/TeexPortal/Default.aspx?MO=mCourseCatalog&D=FP&C=MGT312&S=603>

This 6-hour workshop is for local jurisdiction elected and appointed senior officials. Its purpose is to provide a forum to discuss strategic and executive-level issues related to disaster preparedness, share proven strategies, and best practices, and enhance coordination among officials responsible for emergency response to a disaster. Participants receive an Executive Handbook outlining the emergency management framework (protection, preparedness, response, and recovery phases), as well as other key senior level issues and discussions topics.

## **MGT-347 Incident Command System (ICS) Forms Review, MGT-904 Intermediate ICS for Expanding Incidents (ICS 300)**

Concord NH

November 28-30, 2023, 0800-1700

**For ICS 300 Must register for both**

[https://prd.blogs.nh.gov/dos/hsem/?page\\_id=561&ee=1423](https://prd.blogs.nh.gov/dos/hsem/?page_id=561&ee=1423)

<https://my.teex.org/TeexPortal/Default.aspx?MO=mCourseCatalog&D=FP&C=MGT904&S=716>

**Prerequisite: IS-100.b, IS-200.b, IS-700.a, and IS-800.b must be completed prior to registration**

Building on the prerequisite ICS 100 and ICS 200 courses, this ICS 300 course focuses on the Incident Command System (ICS) for supervisors in expanding incidents. ICS 300 outlines how the NIMS Command and Coordination component supports the management of expanding incidents as well as describes the incident management processes as prescribed by ICS. This course has a threaded activity that will give students the opportunity to practice implementing the incident management process and creating an Incident Action Plan (IAP) for a simulated expanding incident.

## **AWR 167 Sport and Special Event Risk Management**

Hanover, NH

December 5-6, 2023, 0800-1700

<https://my.teex.org/TeexPortal/Default.aspx?MO=mCourseCatalog&D=LS&C=AWR167&S=359>

The Sport and Special Event Risk Management course is designed to build sport and special event risk management capabilities for community-wide collaboration and mitigation. Through activity-based training modules, safety and security teams will increase their knowledge of planning, risk assessment, training, and continuous improvement practices. The expectation is for participants to return to their respective sport venues and coordinate the development or enhancement of a sport event security management system.

## **L-0146 Homeland Security Exercise and Evaluation Program**

Portsmouth, NH

December 11-12, 2023, 0800-1700

[https://prd.blogs.nh.gov/dos/hsem/?page\\_id=561&ee=1419](https://prd.blogs.nh.gov/dos/hsem/?page_id=561&ee=1419) **Only 7 spots left!**

**Prerequisite: IS-120 must be completed prior to registration**

The Homeland Security Exercise and Evaluation Program (HSEEP) is a two-day course that provides a set of fundamental principles for exercise programs, as well as a common approach to program management, design and development, conduct, evaluation, and improvement planning. Exercises are an important component of preparedness, by providing the whole community with the opportunity to shape planning, assess and validate capabilities, and address areas for improvement.

# State of New Hampshire Department of Safety Regional Training Opportunities Bulletin

As of October 15, 2023

The state's health department, GSHCC, RDHRS, and the state's healthcare system are working together to establish a robust foundation for coordinated medical response. The number one role of the State Disaster Medical Advisory Committee is to develop and circulate best practices in the allocation of scarce resources – and this might occur in non-disaster situations or other situations. This session will discuss the role of the SDMAC within the State's Medical Response Framework and provide an opportunity in spring 2024 to further the dialogue.

## **After the Festival: A Retrospective Review of the Las Vegas Mass Shooting. Observations, Insights, and Lessons Learned**

*Dr. Chris Lake, Ph.D., Executive Director, Community Resilience, Nevada Hospital Association*

On October 1, 2017, Las Vegas experienced the worst mass shooting in American history. This session will review the events that occurred from a healthcare perspective. Observations, insights, and the lessons learned (OILs) by hospitals, first responders, and the practitioners who provided care to the 800 injured patients will be highlighted, and the system-wide changes that have been made and the effectiveness of these changes will be discussed looking back six years post-event.

## **PRE-100 Active Shooter Exercise Development Workshop**

American Safety Programs and Training, Providence RI

*November 30, 2023, 0800-1700*

<https://my.teex.org/TeexPortal/Default.aspx?MO=mCourseCatalog&D=FP&C=PRE100&S=291>

Past active shooter events have proven the need for realistic exercises delivered in the community. This course answers that need by providing a train-the-trainer (TtT) course on how to design and deliver a Tabletop Exercise (TTX). This course will also provide template materials needed to deliver five (5) different TTXs, with one (1) of the five TTXs delivered in the afternoon of the training day. The Active Shooter Exercise Development Workshop is a train-the-trainer course designed for individuals who may be responsible for developing and delivering active shooter tabletop exercises. Past events have demonstrated that a key point to effective whole of community preparation includes coordination across all professional disciplines that have responsibilities in the event of an active shooter incident.
